

Stretch Your IT Budget

Microsoft
REGISTERED
Refurbisher

Aventis Systems is an official Microsoft Registered Refurbisher. Our partnership with Microsoft provides you with competitive pricing on high-quality refurbished personal computing products, preinstalled with Microsoft's latest operating systems.

Purchasing refurbished is the best way to cut costs on both hardware and software. Buying desktops, laptops, and workstations from a Microsoft Registered Refurbisher, such as Aventis Systems, allows customers to benefit from a 1-year comprehensive warranty, pre-installed Microsoft software, and affordable pricing.

Refurbished PCs with genuine Microsoft Windows Software

Our refurbished PCs come preinstalled with genuine Microsoft software, giving you the confidence of having a system that helps you:

- Genuine Microsoft Windows software preinstalled
- Computers professionally refurbished
- Free Web-based support available from Microsoft
- Affordable pricing
- Keep your computer running smoothly, because genuine Microsoft software gives you access to downloads, updates, and enhanced features
- Avoid downtime and lost data that can occur when counterfeit software malfunctions.
- Protect your systems from the dangers of counterfeit software that can expose users to security risks, including viruses and spyware.
- Be in compliance with authentic and properly licensed Microsoft Windows software.

A partner you can trust.

All Microsoft Registered Refurbishers go through a thorough application process with Microsoft. Before granting the status of Microsoft Registered Refurbisher, Microsoft reviews and confirms the validity of each application and requires that Microsoft Registered Refurbishers submit regular reports and undergo audits.

Customers also experience a smoother path to upgrades, Microsoft web-based support, and the first-rate customer services that Aventis Systems provides.
